Virtue and Knowledge:

The very foundations of this institution are driven by the power and synergy of these two words combined – Virtue and Knowledge. Virtue and Knowledge combined is greater than the total power achieved by each working separately. Knowledge alone is not enough, knowledge plus virtue is the true goal of an educational system. We at Mary Mount believe that knowledge gives you power but virtue respect. Welcome to Mary Mount.

HOME PAGE:

In the year 2010, Mary Mount School began its journey in pursuit of meaningful education. Today, the school has evolved into an institution that delivers its promise of 'virtue and knowledge' and is still growing.

Dolly's Educational Trust is the parent trust that manages the Mary Mount School. The trust aims at providing valuable life long learning experiences to all its students. The trust believes an investment in knowledge pays the best interest.

MARY MOUNT PRIMARY SCHOOL is an English medium, with play group, Nursery to Standard V. Mary Mount Primary School (MMPS) has been well thought of both in its philosophy and methodology to bring about a radical change and stimulating growth and development to a child's linguistic, physical, socio-emotional, cognitive and techniques. The aim of this institution is to impart to its pupils a sound, moral, intellectual and skill based education with a view to prepare them not only with accumulated knowledge but also the accumulated experience of social living and enlightened leadership. Today, when there is cut-throat competition, massive challenges and ever changing scenarios, we at MMPS strive to work towards shaping a confident and befitting generation.

ABOUT US:

Vision:

Our vision is to create a culture of excellence nurturing the conscience and intellect of every child in a caring and inspiring environment for global preparedness.

Mission:

To provide each student a diverse education in a safe, supportive environment that promotes self-discipline, motivation and excellence in learning.

To give every child the opportunity to blossom in their pursuit of excellence.

To build a synergy of virtue and knowledge fostering character and courage to succeed and contribute responsibly in a global community.

Message from the Principal:

Welcome to Mary Mount School, a school that focuses on encouraging a virtuous character and guiding achievement.

Mary Mount has been defined by a style of working that's faithfully been in consensus with a statement – dedication, determination and passion that feeds life into your dreams.

We at Mary Mount understand that one of the most important decisions that any family makes regarding their child's education is the school they choose. The management and faculty leaves no stone unturned to prove your decision in choosing Mary Mount as the right choice.

The dedicated faculty put in everything, the very best of teaching and learning catering to every child's specific needs. We make sure that your child benefits from the quality infrastructure and comprehensive educational programming at all levels.

The school will continue to foster knowledge, understanding, application and skills in children. In this endeavour, innovations and novel ideas are the pathways, and we will keep striving not only to be mere motivators but true contributors to the development of every child, shaping them and nurturing

them as responsible citizens contributing to the world, valuing the existence of life.

With Best Wishes,

Joseph William Pereira

Principal

MMPS:

Mary Mount Primary School started in the year 2010, managed and run by DOLLY'S EDUCATIONAL TRUST. NEWS:

We provide a balanced educational programme within a safe and stimulating environment that each child embarks on a physical, intellectual and social

journey of curiosity and reasoning. MMPS thus offers a comprehensive curriculum which is designed to make learning activity-based, experimental and child-centric for the global challenges. During these important years, the focus is both on the curriculum as well as the development of intricate skills like critical thinking, behaviours and attitude while developing independence and wisdom. The school curriculum is designed to guide students in forming a truly universal outlook. It aims at developing a sense of wisdom for their welfare as well as that of others. Students can choose the curriculum of their choice depending upon their individual requirements and aspirations, our school programs are Karate, Drawing, Keyboard and Yoga, which focuses on developing the required skills in different areas which will mould them into capable, caring, confident and committed individuals who make their own choices for the future and excel in the chosen field.
